The world's most spectacular Tall Ships…

Star Clippers offers the perfect opportunity for passengers to discover modern luxury, whilst preserving old-time sailing traditions carried out by mariners long ago. The courtship of old and new creates a unique and relaxed atmosphere, without passengers having to sacrifice the opulence and enchantment of a true tall ship.

Climb aboard Star Clipper, Star Flyer or Royal Clipper, the largest fully rigged sailing ship in the world today. Revel in the abundance of activities and amenities available on board including exquisite personable service, multiple pools, bar areas and an observation lounge that can be found aboard Royal Clipper.

Take in the views whilst on the rich teak deck, have a cocktail at the Tropical Bar or simply lay back and relax to the gentle lapping of waves against a wind driven hull.

Enjoy the renowned sail-away experience; take in the epic sounds of the Greek composer Vangelis, as thousands of square feet of sail unfurl above you. As each vessel smoothly sails into the glorious sunset, the flirtation between adventure and comfort becomes clear...

Our small ship cruises will not only provide an intimate experience, but also the opportunity to meet new people, see new places and create the holiday experience of a lifetime.
Royal Clipper...

In 1902, Preussen, the only five-masted full-rigger was built to serve the nitrate trade from Chile to Germany. She was the largest tall ship ever to be constructed and her extensive sail area made her a strong contender in speed, amongst the fastest clipper ships of her time. Preussen was great inspiration for the production of the beautiful Royal Clipper, and in 2000, became the first five-mast ship to be built in 98 years. The impressive and luxurious clipper now has the proud distinction of being the largest and only five-masted full-rigged sailing ship to dominate the seas. With her complement of 42 sails, which have a combined area of 56,000 square feet, Royal Clipper stands out amongst her peers in more ways than one.

Weighing 4,425 tonnes, measuring 439 in feet and carrying a total of 227 guests, this luxurious and monarchial beauty rises from the waves in majestic fashion and leaves all that sail in her awestruck.

Star Clipper & Star Flyer...

*Star Clipper* is a star of the sea; gliding through the water like a graceful swan and sitting proudly atop the rolling waves. Although she’s a four-masted ship, as opposed to five, she is surprisingly taller than Royal Clipper and possesses just as much style as her illustrious cousin. Star Clipper is 360 feet long and carries only 170 guests.

Star Clipper is a true clipper ship, reflecting her proud heritage in every inch of the polished brass and gleaming brightwork that graces her decks and superstructure. Step aboard this striking vessel and you’ll be greeted by a new generation of sailing culture. Here, the grand traditions of the past, which characterise what sailing is all about, exist alongside the comforts and amenities found on the contemporary cruise liners of today.

As the name suggests, *Star Flyer* is both a shining example to other ships of her kind and a vessel that cuts through the water with all the grace of a bird in full flight. She may well be a carbon copy of her sister Star Clipper, but she still offers her own style and character to anyone who steps aboard.

If you’re taken by the spectacle and grandeur associated with the art of traditional sailing, but want to spend your holiday in the comfortable and luxurious confines offered by a conventional cruise, then a trip aboard Star Flyer is exactly what you are looking for. Her undeniably classical characteristics are a nod of appreciation to her predecessors, whilst her advanced navigation systems and refined finish prove she is by no means outdated.

Southeast Asia Sailings...

Consisting of eleven countries, Southeast Asia is a tropical utopia with an abundance of animals and dense jungles. Tribes and cultures build upon the seasons that penetrate the land with heavy floods, imposing sunshine and humidity.

Star Clippers ventures into these landscapes, where you'll capture a myriad of memories with visits to National Parks, uninhabited islands and some of the finest deep diving spots. Be enlightened by the spiritual lifestyle, deemed the ‘crossroad of religions’, beautiful temples and mosques sit amongst both vast expanses of land and bustling cities.

Visit the famous limestone karsts and the intricate caves and canals that thread through dense mangrove swamps in Thailand, where the atmospheric lighting from cave openings produces a breathtaking theatrical effect. You can explore Singapore, Bali and our new featured destination Kota Kinabalu. Named after Mount Kinabalu, here you will discover picturesque landscapes, beautiful sunsets and a wealth of history that fuses traditions and cultures.

Panama Sailings...

The Panama Canal is a fantastic piece of engineering and was built, firstly by the French and then by the Americans, between 1881 and 1914. Thousands of vessels, carrying both tourists and cargo, now pass through this man-made waterway every year and, even though Star Flyer is not the largest of these, she is definitely one of the most majestic.

Crossing the canal is certainly an experience that you won’t want to miss out on as you sail the length of a piece of water that has drastically improved trading in the area since it was first opened. There are numerous bridges and locks to sail under and through as you make your way past beautiful inland scenery that you would otherwise never have encountered.

Eastern Mediterranean Sailings...

Although still in the same part of the world, our Eastern Mediterranean cruises are vastly different from those that we offer in the Western Mediterranean. The weather is still fantastic and ports of call are still as exciting and intriguing as ever, but the cultures and traditions that you will find in places such as Greece and Turkey vary to those elsewhere in Europe.

As you sail through the transparent Aegean Sea, stopping off at various islands along the way, you will find yourself eagerly anticipating the revelation of where you wake up every morning. Let the glorious Star Flyer do all the hard work as you lay back and enjoy the excellent atmosphere on board and discover what new adventures await at your next port of call.

Western Mediterranean Sailings...

Our Western Mediterranean cruises allow you to sail through this beautiful and picturesque part of the world whilst visiting many famous destinations as you go. The Med offers comfortably warm seas and covers an area of nearly one million square miles between the Strait Of Gibraltar in the west and the Suez Canal in the east, with various embayments in between.

There are chances to explore the Balearic Islands, top up your tan in St. Tropez, see the luxury and extravagance of Monaco and discover lesser known European destinations such as Montenegro and Slovenia. You won’t be able to escape the romance of this region as you fall in love with the stunning landscapes, delicious and authentic cuisine and intriguing yet diverse cultures.

Ocean Crossings...

Our range of extended ocean cruises allow you to really get a feel for life on the open water as you sail across the Atlantic Ocean from one delightful destination to another. Usually these crossings embark from somewhere in Europe and travel to a port in the Caribbean, or vice versa, giving you the opportunity to discover two vastly different continents and enjoy a relaxing break at sea in between.

Many of these transatlantic cruises also include a brief stop on the way to your final destination, usually in the Azores or Canary Islands, offering the chance to stretch your legs on dry land for a few hours and explore these isolated archipelagos.

The Passenger will be responsible for the cost of any action taken under this section, including bringing any claim under the ATOL scheme. FOT will not be liable for any loss or damage, whether or not the Passenger has any liability in connection with such shore activities, this shall be subject to the terms and conditions of the Holiday.
